

# SANGILL DESIGN

- Setting the scene for the schools and institutions of the future

## SANGILL WHOLESALE CATALOGUE

*Scandinavia's leading manufacturer and supplier of furniture for schools and institutions*

# About Sangill Design

Bjørn Sangill, founder of Sangill Design, has over 20 years' experience in designing and manufacturing quality furniture to equip the schools and daycare centres of today, as well as those of the future. At Sangill Design, we take great care to create solutions that are geared to pedagogical requirements. Every single item we produce is devised with this in mind.

Over his many years in the sector, Bjorn Sangill has acquired a deep knowledge of daily goings-on out in the world of pre-school and beyond. His considerable insights inform the making of inspiring equipment to provide a safe and secure framework for the everyday life of both children and teachers.

At Sangill Design, we specialise in the design of exciting multi-functional furniture. Our products have won wide acclaim on the market and enjoyed great success in schools and day-care institutions. Our philosophy is to design stimulating, multi-functional solutions that facilitate instruction. With this in mind, we strive at all times to bring appeal to our products, for the benefit and pleasure of our customers.

*We hope you enjoy browsing through this catalogue.*

## SANGILL NANO STUDY TABLE

Smart table with 6 nanoglass 'windows' and storage in 18 mm birch veneer

### Versions and accessories:

9080 Sangill New Nano table with laminate top and lid, incl. storage

H: 73 cm x W: 130 cm x D: 75 cm

9087 Sangill acrylic boxes 3 pcs H: 12 cm x W: 30 cm x D: 30 cm

## SANGILL NANO table with magnifying lens inserts

Cleverly designed nature research table with plenty of storage space. The table is a multi-functional item of furniture and can be used for play, mealtimes, storage, activities, etc. It has ample storage space, with three shelves and six drawers. Six lids can be opened to make a magnifying table with six large magnifying lens. Go on a nature walk and gather leaves, animals, stones, etc. Bring them back to study them under the generously sized magnifier. This table is our latest hit for kindergartens and schools. It is a great learning aid for young children, who will be eager to know more about nature in this fascinating way. Glass storage boxes are available as accessories.

9088 Sangill glass trays 3 pcs H: 5 cm x W: 35 cm x D: 30 cm

## SANGILL BIO experiment table with light

Brand new multi-function table for small creative children. An educational item with several functions. The table can be used for storage of supplies, for tasks, for mealtimes etc. It has ample storage room with three shelves and six drawers. After a nature outing, children can illuminate their finds, such as leaves and insects. Under supervision, they can cut up plants and small creatures and highlight them. Another popular activity is to use the light table to transfer various motifs onto paper. Simply place paper on the light panel to draw and paint over shapes. Sand trays are available as accessories with various colours of glass, for exciting experiments.
